Aging Care Connections is collaborating with a new student-led club at Lyons Township High School called Older Adult Connections. The purpose of this partnership is to bring together different generations in ongoing and mutually beneficial activities such as mentoring, knowledge-sharing, and volunteerism. Lyons Township High School students and older adults from the Aging Care Connections community will share their talents and resources, supporting each other in relationships, which benefit the individuals and the community.

We hope you can join us for this special event to ring in the holiday season.
