Report from Village Attorney, John O'Connell

Mr. O'Connell reported that the Municipal Code Book is done. We have been emailed a copy to look at. The Village will need an ordinance for next meeting to adopt the new municipal code. Mr. O'Connell feels at that time the Board should embrace the changes. Some were statutory changes, much stayed the same. Mr. O'Connell feels we may need to have a special committee to evaluate the code that we have adopted. Mr. Struve feels this is a good idea. He feels a lot of issues were corrected, but there are still issues that need to be addressed.

Mr. O'Connell reported that there is an October 5, 2016 hearing on the disconnection of UPS property in Willow Springs, into Hodgkins.

Report from Chief of Police, Ernest Millsap

Chief Millsap reported that the remodeling of the computer server room is in progress, and the cameras have been installed and are operational at the corner of 63rd and East Avenue.

Chief Millsap reminded everyone that Hodgkins School is open so please be careful in school zones.

Chief Millsap gave everyone a copy of two proposals concerning the Police Department parking lot. There are two sewer covers near the Fire Department that are exposed and
need to be addressed. There is also a large pot hole and two other areas near the building that need to be repaired before winter. John Kuebrich from Novotny Engineering and Foreman Vern Millsap from the Water Department inspected the area. Mr. Kuebrich feels asphalt near the sewers should help the situation. The sewer itself is in good shape and but will need to be addressed in the next 5 years or so. Mr. Cummings and Mr. Rice were shown the problem areas and the pictures are in the packet. Mr. Kovel reviewed the proposal also. Chief Millsap would like to reseal the entire parking lot and restrripe next spring. Proposal #1 from Lombard Paving was $10,645. Proposal #2 was from Andreas and Sons for $25, 700. This is in the 2016 budget, so it will not put anything over budget. Chief Millsap spoke with Mr. Kringlie about the two sewers which are on Fire Department property and the cost of the two sewers is $1,600.00, so he is hoping to have the Fire Department cover half of this cost. Mr. Struve explained this is a long driveway between the Fire Department and the Police Department. Mr. Cummings feels this should be done prior to winter. Mr. Rice made a motion to approve the low bid for the pavement repair. Second by Mr. Struve. Voting Aye: Mr. Cuttil, Mrs. Moxley, Mr. Rice, Mr. Struve, Mr. Misasi and Mr. Kringlie. Voting Nay: None

**Report from Building Inspector, Tim Kovel**

Mr. Kovel reported that the Siegfried Properties project is moving along very quickly. It is on schedule and they are hoping to open in Mid-November.

The second project is the Point Blank Gun Range. There had been sloping that had started to fail. They are installing a retaining wall to help with this. There is drainage behind the wall to alleviate any hydrostatic pressure. Point Blank is hoping to be open in October. Mr. O’Connell said that he spoke with a representative of Point Blank Gun Range and the Department of Alcohol and Tobacco has to come out once the project is completed. The project will be inspected and given a seal of approval by the Department of Alcohol and Tobacco as well as the Village of Hodgkins before the business can open.

Mr. Kovel reported that the Lenzi Avenue apartment project is coming along. The Public Works department is doing a great job. Three buildings, 6027, 6028, 6029 are completely empty and boarded up and fenced off. Next will start the demolition bids.
