VILLAGE OF HODGKINS

COVID-19

March 20, 2020

The Village of Hodgkins, in accordance with recommendations from the CDC, will be closing our lobby as of 3/23/2020 through 3/27/2020. We are doing this in an effort to protect the health of our employees and residents. The President and Board of Trustees will be reviewing this weekly. We will do our best to keep everyone updated.

There will be limited staff in the Village Hall to answer phones and conduct daily business. If you need anything or have questions please contact us between the hours of 9:00 am to 4:00 pm at 708-579-6700. We will do our best to help you in any way.

We are open today (Friday 3/20/20) until 5:00 pm if you need postage. After today you will need to go to the LaGrange Post Office.

We have installed secured mailboxes at each entrance of the Village Hall. You may use these to drop off any payments or paperwork that you need us to receive. The mailboxes will be checked daily and handled in a timely manner. You also can also use our website to make payments and print applications.

Public Works will also be working everyday. They will not be loaning out trucks or doing any pickups. The Building department will be available for inspections. If you have building permit applications to drop off please put them in the secured mailboxes at our entrances. If you have large prints please contact us to make arrangements for drop off.

We are hoping this situation is short term, however, for the safety of the community we ask that everyone limit physical interactions and stay home as much as possible. Please call elderly neighbors to make sure they are safe and healthy. Please check our website at www.villageofhodgkins.org for updates.

Thank you
The Village of Hodgkins
